RED ROCK
OUTDOOR GEAR

At Red Rock Outdoor Gear, we've learned that producing great gear is about understanding how our customers are using our current products as well as standing behind each and every item we sell. We're an industry leader in ghillie suits and camouflage netting, but also offer a wide array of both tactical and sporting bags and have launched a revolutionary line of packs called the mavriK™ series. In 2014 we brought on skilled craftsmen in order to begin producing items domestically. Since 1999, when we were founded in Waco, TX, it has been our mission to supply quality products to outdoor enthusiasts at reasonable prices.

mavrik™

The unique mavrik™ packs are built around their internal organizational capabilities that feature MOLLE webbing and touch fastener. These components commonly found on tactical packs are timeless solutions for securing gear in practically any application. We knew that the outdoor/tactical industry was very familiar with the technologies, we just needed a new way to package them. By internalizing the MOLLE webbing and touch fastener on the mavrik™, we have altered the tactical aesthetic without compromising its endless options for gear storage. We designed 19 accessory pouches for the mavrik™ series ranging from the most general purpose utility pouch to very specialized tablet compartments, all of which mount to the internal walls of the packs using touch fastener. Additionally, the internal MOLLE webbing provides a place to attach any gear that has the compatible MOLLE webbing straps. This mix-and-match formula provides what we consider to be the most customizable pack experience, because the options are nearly infinite.

Our mavrik™ packs needed an exterior as impressive as the functionality that we offered on the interior. For that reason we chose 840 denier ballistic nylon and 420 denier dynatec nylon for a tough, yet attractive, combination. The durability achieved by pairing these fabrics flies in the face of the typical tactical market mindset of thicker + heavier = better. On account of both components having been proven to perform under almost any condition, we utilized YKK zippers and Duraflex buckles. Dense open-cell foam was used throughout the walls of the pack to ensure the safety of the gear, as well as the straps and carry handles for a comfortable fit and carry. A subtle MOLLE webbing platform is affixed on the face of each pack to create a space for any last minute accessories. Overall, the exterior styling contains tactical nuances, but the shape and clean lines of the mavrik™ series transcend the tactical genre.

mavrik™ U.45

The U.45 is the largest pack in our mavrik™ Series. In contrast to common clamshell style packs, the U.45 features a U-style zipper which allows the main compartment to be opened completely. Once opened, the side

panels lay flat, in line with the main compartment. The interior of the pack is lined with touch fastener and MOLLE webbing for attaching pouches and accessories.

- mavrik™ System compatible
- Foam padded walls
- Padded carry handle on top and front
- Nylon MOLLE webbing platform on front
- Zippered slip pocket on front
- Zippered utility pockets on each side
- Compression straps on each side
- Comfort padded straps, back panel, and waist strap
- Sternum Strap
- Removable waist strap with zippered hip pockets
- Soft-lined top pocket with ear bud porthole

mavrik™ U.35

The U.35 is one of our four mavrik™ Series packs. This pack features a U-style zipper that allows the main compartment to be opened completely. In contrast to common clamshell style packs, the U-style zipper allow the side panels of the bag to fold out entirely along with

the main compartment. The main compartment of the U.35 is lined with soft touch fastener and MOLLE webbing for attaching gear, pouches, and accessories. The U.35 is currently the smallest mavrik™ pack utilizing the U-style zipper.

- mavrik™ System compatible
- Foam padded walls
- Padded carry handle on top and front
- Nylon MOLLE webbing platform on front
- Zippered slip pocket on front
- Zippered utility pockets on each side
- Compression straps on each side
- Comfort padded straps, back panel, and waist strap

mavrik™ B.35

The B.35 is the only mavrik™ Series pack designed like a conventional backpack. Its exterior styling doesn't reveal the potential internally. Its main compartment zips open clamshell style to maximize the storage space. The inner side of this compartment has a padded laptop sleeve sewn in, while the opposite side features mavrik™ lining. The secondary compartment is designed for concealed carry; a top and two side

zippers provide three access points to this compartment. The mavrik™ lining in the concealed compartment can easily secure a pistol, magazine pouches, and accessories that need to be accessed quickly. An organizer pocket is located on the front panel of the pack for pens, cards, keys, and more. Elastic loops for gear and additional magazines are also easily accessed in the front organizer pocket. The B.35 is ideal for a lifetime EDC pack.

- mavrik™ System compatible
- Foam padded walls
- Front compartment accepts CCW accessories
- Padded carry handle on top
- Nylon MOLLE webbing platform on face
- Zippered organizer pocket on face
- Zippered utility pocket on each side
- Compression strap on each side
- Dense padded straps and back panel
- Soft-lined top pocket with ear bud port hole

mavrik™ S.08

The S.08 is an ambidextrous sling pack featuring the mavrik™ System. A concealed-carry compartment is built into the back panel with zippers on both sides allowing the bag to be drawn from across the chest and firearm easily accessed. The main compartment has a tablet sleeve sewn in the backside with a mavrik™ lining clad front. Adding our mavrik™ pouches to the main compartment

makes it ideal for a camera kit, first aid kit, range bag, or grab-and-go bag. The secondary compartment has an organizer pocket for pens, cards, keys, and more. Elastic loops for gear and additional magazines are also easily accessed in the front organizer pocket. The S.08 is ideal for a discreet sling pack.

- mavrik™ System compatible
- Foam padded walls
- Rear compartment accepts CCW accessories
- Adjustable ambidextrous strap
- Zippered utility pocket on each side
- Nylon MOLLE webbing platform on front
- Zippered organizer pocket on front
- Dense padded strap and back panel

Big Game Camo Netting

Our Field Series and Trophy Series Big Game Camouflage Nets offer thick concealment and significant durability. The reversible matte brown and matte green color scheme make it ideal for all seasons and regions. It's constructed of a water-resistant polyurethane-coated material with all edges sewn. Enhanced fabric and construction allow this net to be used season after season. The edges feature tie straps all the way around

and make hanging this net simple. The leaf-cut design gives this netting a three-dimensional look with superior depth making it ideal for concealing blinds, ATVs, boats, supplies, or other gear. Our Big Game Trophy Series Net boasts a military style mesh backing. A stuff sack is included for storage and transportation.

Field Series without Mesh Backing

- Rugged design for any avid hunter
- Three-dimensional leaf-cut design
- Effective for all seasons
- Matte brown/green reversible color scheme
- Lightweight compact design
- Easy setup and take down
- Glare-free, water-resistant fabric
- Resistant to mold and rotting
- All outer edges sewn
- Stuff sack included
- Does not include mesh backing

Hunting Series Camo Netting

The Hunting Series Camouflage Net is the most versatile camouflage netting on the market. Lightweight construction makes this net easy to carry and deploy. Our three-dimensional leaf-cut design provides superior concealment with a full, natural look. A military-style mesh backing and reinforced edges ensure that our Hunting Series Net is built to last. The two metal rings sewn into each corner make hanging and securing this net a simple task. A stuff sack is included for storage and transportation.

- Quiet leaf-cut three-dimensional design
- Lightweight fast-drying material
- Two metal rings in each corner
- Military-style mesh backing
- Drawstring stuff sack included

Ghillie Blind Camouflage Netting

Our Ghillie Blind is one of a kind. By using the same construction as our popular ghillie suits, we've constructed the most effective camouflage coverage. Concealing a ground blind, deer stand, ATV, or other gear is easy thanks to its thick three-dimensional ghillie design. Nylon webbing tie straps surround the reinforced edges for hanging and securing the cover. A stuff sack with shoulder strap is included for storage and transportation.

- Rugged polyester construction
- Reinforced edges with tie straps
- Available in both woodland and desert patterns
- Drawstring stuff sack w/shoulder strap

- **Edges with tie straps throughout**
- **Pick up ground debris for natural coverage**

The Only
AUTHENTIC
Trophy Hunter
Ghillie Suit

#70964
Mossy Oak®
Break-UP

Big Game Ghillie Suit

The most advanced design in the largest line of ghillie suits is the Big Game Ghillie Suit. Built with the trophy hunter in mind, the Big Game Ghillie Suit offers sportsmen an alternative to the traditional military designed ghillie suit. Instead of the typical polyester strands used in other ghillie suits, the Big Game Ghillie Suit is constructed with three-

dimensional leaf-cut mesh. The die-cut leaf pattern provides a more natural appearance and efficiently breaks up your silhouette while also moving more naturally. Additionally, the mesh is a lightweight layer and breathable alternative to our traditional suit construction.

- Three-dimensional leaf-cut design
- Lightweight, breathable polyester mesh construction is ideal for layering
- Elastic pant waist with drawstring
- Hooded jacket with built-in drawstring
- Leaf-cut gun wrap included
- Stuff sack with shoulder strap included

5-Piece Ghillie Suit

The industry standard for ghillie suits, the Red Rock Outdoor Gear 5-Piece Ghillie Suit, offers superior comfort and convenience. Our suit is designed to go on quickly over clothing and allow direct access to pockets underneath making it ideal for layering. The dense ghillie material provides effective

camouflage in a lightweight package which is suitable for hunting in numerous environments. The pants have an elastic waist and a drawstring to offer a comfortable, custom fit. To go on easily over boots, the pants have snap closures on the outer seam near the ankle. A drawstring-equipped hood covers the entire head and neck. The gun wrap has elastic and a drawstring which allows it to cover an average size shotgun or rifle. The entire ghillie suit fits into the included stuff sack.

- Elastic pant waist with drawstring
- Elastic jacket cuffs
- Easy snap-closure jacket
- Adjustable chin strap in hood
- Drawstring stuff sack with carry strap included
- Lightweight and breathable polyester construction
- 98% polyester 2% spandex

Tactical AR Sling

We've sourced the highest quality components to manufacture what we consider to be one of the finest rifle slings available. Our commitment to employing skilled workers, providing an engaging workplace, and growing an American-made product line has inspired us to start our first domestic manufacturing operation in our hometown of Robinson, TX. The purchase of a handmade Red Rock Outdoor Gear tactical AR sling helps us invest in strengthening our American-made product line.

- Stainless steel HK hooks and D-ring
- Designed for ambidextrous firearm operation
- Rapid 2-to-1 point conversion
- Quick-release buckle for easy firearm detachment
- Sling length is adjustable from 48" to 55"

Large Assault Pack

#80226

Everything you like about our Assault Pack comes in an even bigger package with the Large Assault Pack. Four expanding compartments provide up to 35 liters of storage with built-in internal dividers and zippered pockets. Adjustable reinforced padded mesh shoulder straps, an adjustable waist strap, and a sternum strap evenly distribute the weight across your shoulders and waist for all-day comfort. A padded mesh

back panel serves as a concealed pocket or provides storage for almost any hydration bladder, up to 2.5 liters (hydration bladder sold separately, see P. 37). With compression straps on three sides, it is a cinch to tighten down your pack or to reduce the volume if you aren't fully loaded. The outside of this pack is clad in MOLLE webbing to allow for expansion and customization to make it the perfect base for a bug-out or EDC bag.

- Reinforced carry handle
- Mesh ventilated padded back panel
- Touch-fastener closure external pocket will accept a 2.5 liter hydration bladder
- Fully adjustable contoured and padded shoulder straps with D-rings for attachments
- Medium external organizer pocket for survival and outdoor essentials
- Four quick-release compression straps for expansion or consolidation
- MOLLE webbing platform for attaching additional pouches or gear
- Adjustable waist and sternum strap
- Touch-fastener keepers for excess strap slack

Compatible with our 2.5 liter hydration bladder
Designed for a 2-3 day pack
Also makes a perfect bug-out bag

*Not available until summer 2015

SIZE	WEIGHT
11"W x 14"D x 20"H	3.25 LBS (52.0 oz)

Assault Pack #80126

Substantial storage, top-notch comfort, and extreme customizability are just a few reasons that the Assault Pack is our most popular backpack. Four expanding compartments provide up to 28 liters of storage with built-in internal dividers and zippered pockets. Adjustable reinforced padded mesh shoulder straps, an adjustable waist strap, and a sternum strap evenly distribute the weight across your shoulders and waist for all-day comfort. A padded mesh back panel serves as a concealed pocket or provides storage for almost any hydration bladder, up to 2.5 liters (hydration bladder sold separately, see P. 37). With compression straps on three sides, it is a cinch to tighten down your pack or to reduce the volume if you aren't fully loaded. The outside of this pack is clad in MOLLE webbing to allow for expansion and customization to make it the perfect base for a bug-out or EDC bag.

- Reinforced carry handle
- Mesh ventilated padded back panel
- Touch fastener closure external pocket will accept a 2.5 liter hydration bladder
- Fully adjustable contoured and padded shoulder straps with D-rings for attachments
- Medium 2 liter external organizer pocket for survival and outdoor essentials
- Four quick-release compression straps for expansion or consolidation
- MOLLE webbing platform for attaching additional pouches or gear
- Adjustable waist and sternum strap
- Touch-fastener keepers for excess strap slack

Ideal for hauling multiple firearms to the field or range

Convertible strap system; backpack, shoulder, and waist straps are removable

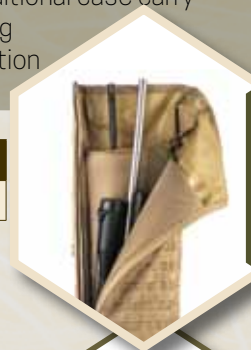

Deluxe Rifle Backpack #80280

The Deluxe Rifle Backpack is a versatile, comfortable rifle pack. This top-loading pack features a $\frac{3}{4}$ length zipper on the side to make loading and unloading firearms more convenient. The removable internal divider provides padded security for multiple firearms. The pack measures 38" when the top compression strap are fully reduced,

and the bag expands up to an additional 8" to accommodate long rifles. The backpack strap system is heavily padded and can be adjusted for comfort and height of user. Both the backpack straps and the waist strap are removable to allow the bag to be carried by the included shoulder strap.

- Thick padded backpack straps are adjustable to user's height
- Removable backpack straps and waist strap
- Additional shoulder strap for traditional case carry
- $\frac{3}{4}$ length zipper eases top loading
- Padded insert for firearm separation
- Expandable 8" top

SIZE	WEIGHT
11"W x 5"D x 36"H	3.7 LBS (25.6 oz)

Engagement Pack

#80161

The Engagement Pack is based on traditional military tactical design and is the only pack we make with an internal composite frame. This pack offers 26 liters of storage when fully assembled with the included detachable butt-pouch. Its large main compartment has a built in hydration bladder pocket and covered hydrator hose porthole (hydration bladder sold separately, see P. 37). The secondary compartment has ample room for a tablet or standard sized laptop and features an external

zippered pocket. The two contoured shoulder straps, sternum strap, and removable waist strap with hip padding equally distribute weight for a more comfortable carry. With compression straps on three sides, it is a cinch to tighten down your pack or to reduce the volume if you aren't fully loaded. MOLLE webbing on the front and on either side allow for expansion and customization and make it the perfect base for a bug-out or EDC bag.

- Padded back panel with composite frame and aluminum shank for stability
- Fully adjustable and contoured padded shoulder straps with hardened steel D-rings
- Adjustable and removable waist strap with padding
- Detachable 6-liter interchangeable butt pouch
- Four quick-release compression straps for expansion or consolidation
- MOLLE webbing platform throughout for attaching additional pouches or gear
- Hydration compatible up to 2.5 liters

Diplomat Backpack #80171

As the largest backpack we make, the Diplomat Backpack has enough storage to hold everything you'll need for 72+ hours. The main compartment features a wrap-around zipper to open completely for unhindered access to two quick-release gear straps and a large mesh pocket. The secondary compartment contains admin organizers and divider sleeves, as well as a pleated external pocket. Three utility compartments (one below the secondary compartment and one

on either side of the pack) adorn the exterior of the bag and are clad in MOLLE webbing. The padded back panel has a zippered closure for storage of a standard laptop or a hydration bladder (hydration bladder sold separately, see P. 37). This pack has four compression straps, three reinforced drag handles, and three hydration tube port holes. Our Diplomat Backpack is the ultimate bug-out bag or three-day bag.

- Three reinforced carry handles
- Fully adjustable contoured and padded shoulder straps with D-rings for attachments and quick-release buckles
- Adjustable sternum strap
- Removable adjustable waist strap with thick padding
- Two compression straps on either side for compression or consolidation
- Internal composite back panel frame
- Padded back panel with storage for a hydration bladder or laptop
- Large main compartment with straps for securing gear
- Internal dividers and organizers for pens, notebook, knives, flashlights, or radios
- Hydration compatible up to 2.5 liters

SIZE	WEIGHT
11"W x 14"D x 20"H	3.25 LBS (52.0 oz)

Summit Backpack

#80203

Perfect for your EDC or a day pack, the Summit Backpack is lightweight and compact. The large main compartment houses a hydration bladder sleeve with zippered and touch-fastener closure pockets, as well as a covered hydrator hose porthole (hydration bladder sold separately, see P.37). An admin organizer is built in to the secondary compartment which has an external offset zippered pocket. Dual mesh water bottle holders are built in on the sides and have a PVC-lined bottom to

keep you dry even when your bottles sweat. An integrated X-style shock cord near the bottom of the bag is perfect for shedding a layer or strapping gear in while the Y-style compression strap helps you secure your load. The adjustable shoulder straps are contoured and equipped with a removable sternum strap. MOLLE webbing on the front and on either side allow for expansion and customization of this 23 liter compact tactical backpack.

- Hydration compatible sleeve with port hole for routing hydrator hose
- MOLLE webbing platform on front and side panels
- Y-style compression strap secures the bag
- Drawstring mesh water bottle holders on both side panels
- Slant zippered front pocket provides quick-access
- Fully adjustable and contoured backpack straps with quick-release sternum strap

SIZE	WEIGHT
9"W x 10"D x 18"H	2.10 LBS (33.60 oz)

Rover Sling Pack

#80129

Our most popular concealed-carry pack is the Rover Sling Pack. The Rover is equipped with an ambidextrous sling which allows for quick, hands-free access. A concealed-carry sleeve on the back panel of the bag easily and comfortably houses a pistol. The main compartment of the bag is large enough to

fit most popular tablets. The three storage compartments are large enough to tote a first aid kit, binoculars, ammunition, or many survival essentials. Internal and external pockets contain admin dividers and organizers.

- Ambidextrous shoulder strap
- On-the-go style carry handle
- Snap-closure concealed-carry sleeve on back panel
- Two external pockets for quick access to items
- Master compartment houses a slip pocket with touch-fastener closure
- Master compartment accommodates an iPad or other popular tablets
- MOLLE webbing platform on front and shoulder strap for adding pouches and gear

Rambler Sling Pack

#80201

Our Rambler Sling Pack features a single strap to allow the pack to be easily transferred from the back to the chest for quick access to the main compartment which contains several mesh pockets and dividers. When across the chest, the openings face up granting direct access to the Rambler's contents. Two front external compartments serve as utility

pockets, with the larger having a key holder clip. The Rambler makes a perfect CCW pack with quick-access to all of the compartments. A mesh padded back panel opens horizontally and can hold up to a 2.5 liter hydration bladder (hydration bladder sold separately, see P. 37). The Rambler Sling Pack boasts 15 liters of total compartment space.

- Adjustable padded contoured shoulder strap stretches from left shoulder to right hip
- A Y-style compression strap runs from top to bottom of the bag to secure the load
- Both the bottom front compartment and hydration compartment accept CCW accessories
- Water bottle pocket accepts up to 32 oz bottle
- Reinforced top and side carry handle
- Hydration compatible up to 2.5 liter

Recon Sling Pack #80139

The Recon Sling Pack is designed for concealed carry, and utilizes our new mavrik™ system for rapidly interchanging gear. The backmost compartment is lined with touch fastener to create a concealed-carry space large enough for most standard pistols. The larger main compartment is joined with a touch-fastener backing and a quick-release buckle which allows it to be removed from the base pack. When removed, the

main compartment can be transported to another pack featuring the mavrik™ system. Additionally, the removable main compartment can be loaded with mavrik™ Series pouches and accessories. The back panel features breathable padded mesh for a comfortable wear. This sling is ideal for right-handed shooters. An 82-024 Universal Holster in the coordinating color is included.

- Adjustable sling strap with quick-release buckle
- Quick-access concealed-carry compartment
- Utility pouch with touch-fastener face for essentials
- mavrik™ compatible tear-away main compartment
- Front pocket contains built-in organizer panel
- Soft-lined top pouch for smart phones and other valuables
- Includes a color-coordinated 82-024 Universal Holster

Sidekick Sling Bag

#80128

The Sidekick Sling Bag offers enough room for a firearm, first aid kit, camera, and many other essentials making it an ideal minimalist or EDC bag. A front-flap slip pocket makes a perfect place to store any valuables. The main compartment has a water-resistant drawstring closure to ensure the security of all contents. It has a zippered rear panel for hidden storage or a CCW. The Sidekick features three external pouches for items like smart phones, flashlights, and pepper spray.

- Soft mesh back panel contours to hip for a fitting carry
- Cross-body adjustable strap for hands-free carry
- Rear panel access serves as a potential CCW compartment
- External utility pouches perfect for phone, pepper spray, pistol mag, or first aid kit
- Large main compartment with drawstring closure

Hipster Sling Bag #80138

The Hipster Sling Bag is a concealed-carry bag that rides on the hip or waist. When worn on the hip, the Hipster expedites access to the concealed-carry panel on the back of the bag. The main compartment contains a mesh slip pocket and is protected by a drawstring cover. The front zippered pocket serves as an admin pouch with elastic webbing for securing smaller items. On either side of the bag there's an insulated bottle holder or a small utility pouch. The front flap serves as a cover for the main compartment with a compression strap that secures the entire bag. The adjustable single shoulder strap can be used in concert with an integrated belt attachment to anchor the bag to your hip.

- Adjustable shoulder strap with a quick-release buckle
- Snap-closure back panel with touch-fastener sleeve for CCW
- Insulated water bottle holder with drawstring closure
- Zippered utility pouches on both side and top
- Quick-release compression strap covers the front of the bag

Small Nylon Paramedic Bag #9199

Our Small Nylon Paramedic Bag is designed to be an on-the-go first aid or tool kit. Each outer side is flanked by two expandable mesh pockets and three nylon slip pockets. The main compartment features a rigid wide-mouth zippered opening for easy access to all contents. Lining the inside of the master compartment are eight additional nylon slip pockets for tools or first aid items. The Small Nylon Paramedic Bag also has two heavy-duty carry handles and a rigid bottom panel.

- Four external expanding mesh pockets
- Six external nylon slip pockets
- Eight internal nylon slip pockets
- Heavy-duty formed carry handles
- Rigid bottom panel

SIZE	WEIGHT
12.5"W x 3.5"D x 8.5"H	1.6 LBS (25.6 oz)

Nylon Shooter's Bag #80124

The Nylon Shooter's Bag is a convenient compact range bag. Three 30-round magazine pouches and a touch-fastener slip pocket are on either side of the bag and serve as an excellent spot for additional magazines or clips. The master compartment is bisected by a pistol pouch that can be removed. The Nylon Shooter's Bag is equipped with standard carry handles and an adjustable shoulder strap.

- Six snap-closure mag pockets
- Two touch-fastener slip pockets
- Removable zippered pistol sleeve
- Adjustable shoulder strap

SIZE	WEIGHT
11"W x 9"D x 8"H	2 LBS (32.0 oz)

Small Nylon Mechanic's Tool Bag #9166

The Small Nylon Mechanic's Tool Bag sports a classic design ideal for carrying tools or using as a utility bag. The master compartment's wide-mouth zippered opening grants easy access to the central storage space and the eight small loop pockets on the side walls. Two snap-closure external pockets are on either side the bag. The two carry handles are large and reinforced and the bottom panel is rigid.

- Large master compartment with accessory loops
- Two external snap-closure pockets
- Sturdy nylon zipper
- Reinforced contoured carry handles
- Rigid bottom panel

SIZE	WEIGHT
11"W x 7"D x 6"H	1 LBS (16 oz)

Large Nylon Mechanic's Tool Bag #9177

The Large Nylon Mechanic's Tool Bag provides ample room for carrying tools or can also function as a utility bag. The master compartment opens widely to reveal twelve small loop pockets on the side walls of the central storage area. Two snap-closure pockets flank the bag on each outer side. The two carry handles are large and reinforced and the bottom panel is rigid.

- Large master compartment with accessory loops
- Two external snap-closure pockets
- Sturdy nylon zipper
- Reinforced contoured carry handles
- Rigid bottom panel

MOLLE Rifle Scabbard #82-026

Our MOLLE Rifle Scabbard is a quick-access sling for rifles that can be worn alone, or attached to any pack with MOLLE webbing. This scabbard features padded walls to keep your rifle safe. Its bidirectional MOLLE webbing allows it to be attached to a wide variety of gear,

from backpacks and slings to stands and ATVs. An integrated quick-release strap allows you to customize the length of the scabbard, which makes it ideal for both short and long rifles. A removable padded shoulder strap is included.

- Adjustable, removable padded shoulder strap
- Adequate space for popular AR-15s
- Covered in bidirectional MOLLE webbing
- Quick-release buckle and strap for modifying length
- Padded walls provide rifle protection
- 600 Denier polyester construction with PVC lining

SIZE	WEIGHT
11"W x 5"D x 36"H	3.7 LBS (25.6 oz)

*Not available until summer 2015

MOLLE Shotgun Scabbard #82-025

The MOLLE Shotgun Scabbard is a quick-access attachment scabbard for standard size shotguns. With MOLLE webbing platform lining both sides, the scabbard can attach to a pack or vest and also allows for the addition of

pouches or gear to the scabbard itself. Rigid padded walls protect the shotgun. An adjustable sling strap is also included for over-the-shoulder carry.

- Two-sided MOLLE webbing platform
- Rigid padded interior walls
- Adjustable, removable shoulder strap
- Fits Remington 870s and standard size shotguns
- MOLLE webbing on front and back panels

Cross Draw Vest #520

The Cross Draw Vest features a mesh platform with assorted pockets and pouches. There is an adjustable hard-form pistol holster on the left side of the chest for a quick, convenient draw. Above the pistol holster are three pistol mag pouches. The opposite side of the vest boasts three 30-round mag pouches and, above them, a utility pocket for ammo or first aid. A touch fastener name panel covers the utility

pocket on the right chest. A glove pouch is located on the left shoulder while the right shoulder features a rifle stabilizer for shooting. The vest is fully adjustable with three compression straps on both sides for altering the size. Also, the Cross Draw Vest features an adjustable duty belt with two additional pistol mag pouches. The back of the vest is clad in MOLLE webbing, perfect for the addition of a hydration pack.

- Stabilizing rib on right shoulder
- Three pistol mag pouches
- Touch-fastener flap utility pouch
- Three 30-round mag pouches
- Removable cross-draw pistol holster
- Adjustable duty belt with quick-release buckle
- MOLLE webbing panel on rear

Tactical Assault Vest

#610T

Our Tactical Assault Vest features a mesh platform with assorted pockets and mag pouches. On the chest there are three pistol mag pouches and an extra ammo/first aid pocket. The stomach of the vest is lined with six 30-round mag pouches. A radio pouch is located on the left shoulder while the right shoulder features a rifle stabilizer for shooting. The vest is fully adjustable with three compression

straps on both sides for altering the size. Also, this vest features two adjustable quick-release straps across the chest. A set of two touch-fastener flaps on each shoulder make the height of the vest adjustable. The back of the vest is clad in MOLLE webbing, perfect for the addition of a hydration pack.

- Stabilizing rib on right shoulder
- Three pistol mag pouches
- Touch-fastener flap utility pouch
- Six 30-round mag pouches
- Snap-closure loops for the addition of a duty belt
- MOLLE webbing panel on rear
- Quick-release buckles over zipper for added security
- Only available in black
